

# SERVES THEM RIGHT

Scott Willis

- 1 Down an alley walks a man sorting through some garbage cans  
Somebody says Serves him right  
He must have dropped out of school got into drugs and played the fool  
It serves him right Serves him right  
He needs some help but he's a hopeless situation  
You don't what to do and should it be left up to you

## CHORUS

- Will you be the one who serves them right  
The good Samaritans seem to be in short supply  
Don't you be the one passing by on the other side  
Won't you life them up with a loving touch  
That serves them right
- 2 Don't you know hearts should bleed when a brother is in need  
Serve them right Serve them right  
It's a chance you gotta take, extend a hand for heaven's sake  
Serve them right Serve them right  
If we spend our lives with nothing left for others  
We'll end up in the despair, then we're gonna know we just didn't care
